Company's Board of Directors are responsible for the preparation and presentation of these financial results that give a true and fair view of the profit and other comprehensive income and other financial information of the Company and the statement of assets and liabilities and the statement of cash flows in accordance with the recognition and measurement principles laid down in the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the financial results by the Directors of the Company, as aforesaid.

Auditor's Responsibilities for the Audit of the Financial Results

- 8. Our objectives are to obtain reasonable assurance about whether the financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.
- 9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls. (Refer paragraph 13 below).

Kennametal India delivers sales of ₹ 10771 Mn for FY23, up 8.7%

Kennametal India Limited concluded the fiscal FY23, ended June 30, 2023, registering a sale of ₹ 10771 Mn, 8.7% higher than last fiscal. Profit Before Tax (PBT) for the year was ₹1176 Mn, down 22.9% over last year.

In the fourth quarter of FY23 (ended June 30, 2023), sales grew to ₹ 2793 Mn, 4% higher as compared to the same quarter last fiscal. Profit Before Tax (PBT) was ₹ 269 Mn, down 29.6% over the same quarter, last fiscal. Strong domestic demand and focus on strategic priorities helped achieve sales growth, though there were negative effects from global economic headwinds like foreign exchange, inflation and a slower recovery in China.

Commenting on the results, Vijaykrishnan Venkatesan, Managing Director, Kennametal India said, "Our financial performance for FY23 mirrors the resilience of the key sectors where we operate. We achieved volume growth, especially in the Hard Metals segment, though exports were impacted by global macroeconomic headwinds. Our price realization efforts helped mitigate cost pressures stemming from commodity inflation. We continued to execute on our strategic imperatives and saw success from new product innovations and partnering with customers to deliver value."
